프린세스 Princess

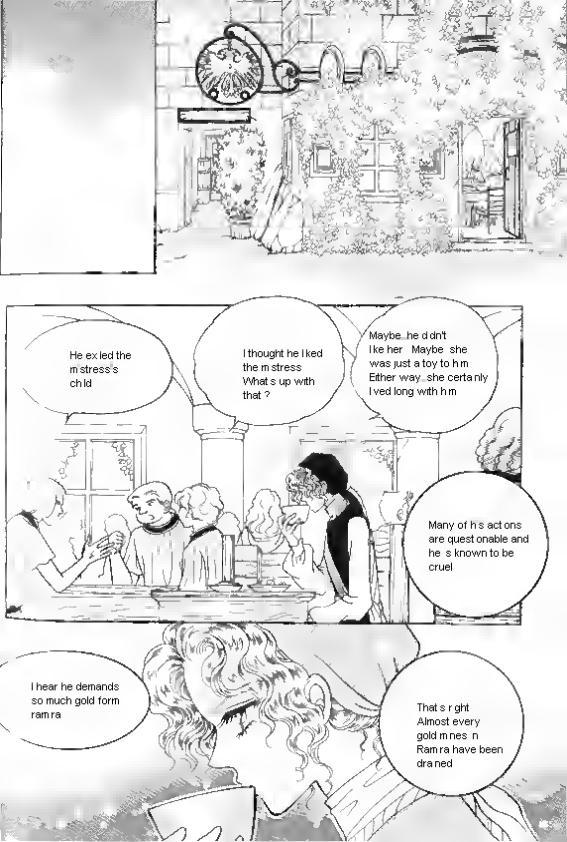
Who are you ?!
I mean no harm.

You ve come th s far undetected
You must be a h ghly skilled assass n
If you don't mean harm why are you here ?
S re
I need to ask you someth ng
That s ?
I am currently look ng for the queen of Ramra
So it s her l fe not m ne huh
www.janimes.com

I don't mean to take anyone's life.
It's just that I must locate her.
Did Biyon send you?
No if he really did he would't have sent a man like you
No lord Pyrodoba did not send me
But I do believe that he'd like to have his wife to be found by people he trusts
If she's here, I thought she might have sent you a message So I've dared to enter your quarter
I have yet to know your name I am not going to say anything useful to some unknown stranger

It-s Se
Is that your first or last name ?
My last name -s
Ren
But, if you tell her Sei is here, she will know what I mean.
You speak as if you are certain that she is here.
I've searched entire Ramira.
The only other possivle place was here.

Why haven't you searched Anator a and Skador ?
I thought th s country d be the second
Some saw who appeared to be the queen boarding and peddling a small boat wh ch was n d rect on to Korsh ka
I do not trust someone who comes with darkness
If you want my trust come to me dur ng dayl ght
Formally dent fy yourself and request my presence
I w ll talk to you then



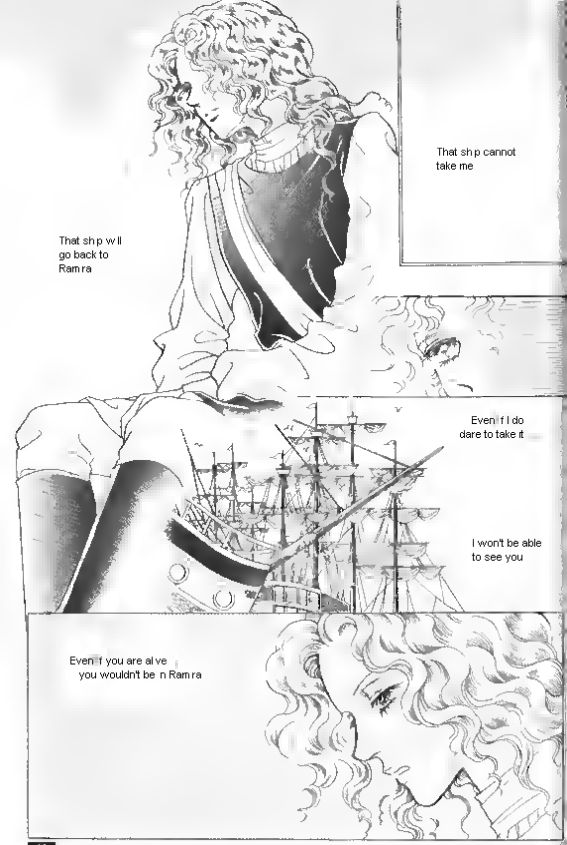
He ex led the m stress's ch ld
I thought he l ked the m stress What s up with that ?
Maybe..he d dn't l ke her Maybe she was just a toy to h m Either way..she certa nly l ved long with h m
Many of h s act ons are quest onable and he s known to be cruel
I hear he demands so much gold form ram ra
That s r ght Almost every gold m nes n Ram ra have been dra ned

Not only that the current king of Ramra steals a lot of golds for himself as well
Have you seen the tradeships from Ramra? They had only little goods and prices were insanely high
Ramra is what it used to be
Ramra's ships were so much faster than others and had cheaper but better quality goods
They are going to be poorer than us
No wonder citizens of Ramra are booing at their current king
Most are leaving because they hate Barder
Seriously large portion of their population is leaving the country
We already see a lot of them in here too
The current king isn't doing his job and simply busy spending money for his own safety
I heard he's a target for assassination
The Pyrodoba sure were good kings

Oh there you are
Have you eatten already?
Ma am
A meal here
Do you have any idea how long I looked for you ?
I thought you went home in the morn ng
I told you that I am not that k nd of person
Eat your meal and go home

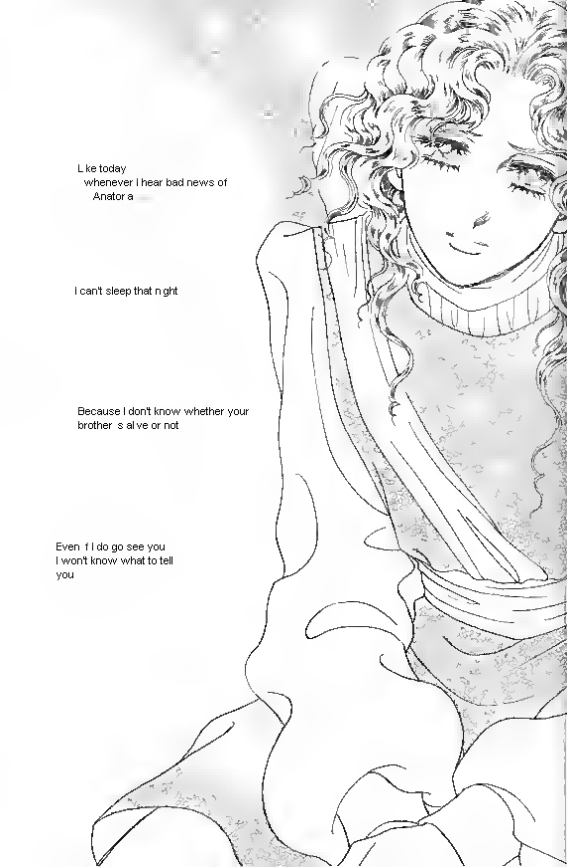
It's lonely with just a meal. Could you buy me a drink ?
A drink please.
Am I paying for that ?
Well let s not talk about the past
Why you d dn't show up last n ght
Though I am so cur ous
And even before...
Let's forget about what we've been though.
What s more mportant s present not past !

What s the most
mportant s our
future together
Where have you
run off to ?

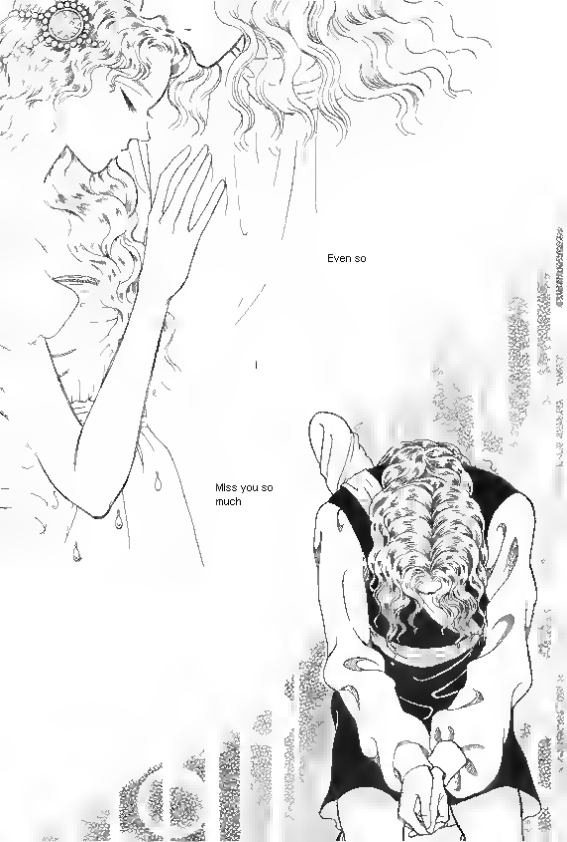


That ship cannot take me
That ship will go back to Ramra
Even if I do dare to take it
I won't be able to see you
Even if you are alive you wouldn't be in Ramra

Leo
You see
I do so want to see you
But at the same t me I am afra d to see you
Because I couldn't br ng your brother w th me
Lady Tera no Lady Theodora I couldn't leave her n the sewer
She wouldn't be able to return and would d e n the sewer f I took your brother w th me
www.janimes.com



L ke today
whenever I hear bad news of
Anator a
I can't sleep that n ght
Because I don't know whether your
brother s al ve or not
Even f I do go see you
I won't know what to tell
you



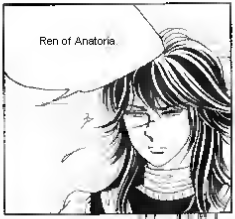
Even so
I
Miss you so
much

Who are you ?!
Ren is the name.
I request presence
with the king.

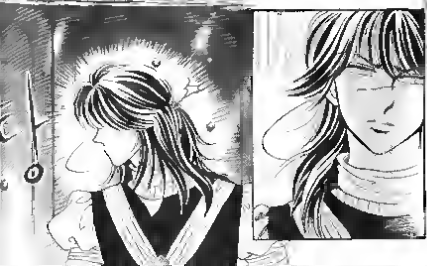
Ah we've been expecting you
We've been ordered to take you inside
This way please

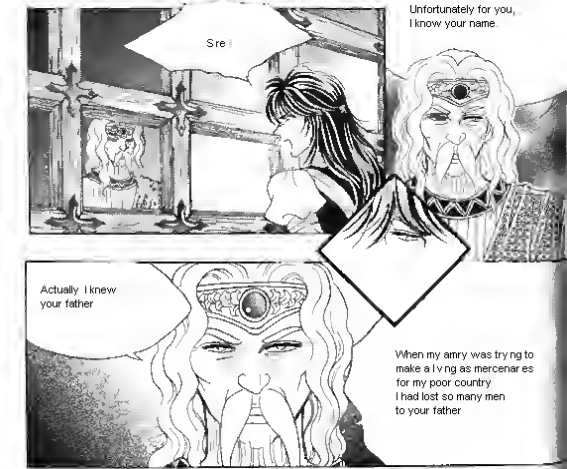
Wait
This is not the way to the chamber
The sire wanted to avoid any public eyes
We are almost there
Is he in there?
Yes, he's

Welcome,



Ren of Anatoria





Sre !
Unfortunately for you,
I know your name.
Actually I knew
your father
When my amry was try ng to
make a l v ng as mercenar es
for my poor country
I had lost so many men
to your father

Of course I d d see little you on h s back
And I kept hear ng rumors about you s nce then
Inv nc ble young warr or
Even stronger than h s father
Dead Galron used to tell me a lot about you
Tor's best weapon
Now that I see you -
You remind me of your father exactly.
You do seem to know my old self.
But I've returned to nature a long time ago.
Hah hear ng such words from the best assass n who ultmately k'lls h s target

Please just trust me once
and tell the queen my name
I am sorry to tell you that there s no one I can tell that to
Because
She s not in th s country!

Get up
We are going home ?
Well we've been looking for him for four days He's not here
This is a small country The capital isn't not that big I bet he already ran away
I am going
Ah, hey, wait -
We've got to go together ! I've been waiting for you all this time Shouldn't I at least get that ?
Don't do this to me I may become very persistent

The baby s name s Lila
Lala used to like the flower
Now the only one I can share the memor es at the mountain s Sibel

Se
Have you also found something about him?
I wonder where he's
Wherever he's I am sure that he's doing well
You know how he's
Yes. I do know

Father,
are you going
to just let him
be locked in there?
You d d tell them to
just wat days until
he comes exhausted
d dn't you ?
We should br ng ten
strong warr.ors to
t e h m up and ask
quest ons
You don't know
h m
Well, I guess only
few elders know
of h m now
We could use arrows
to k ll h m
I am try ng to see
any uses of h m
He s just too
b g of a character
just to k ll

And -
If -
what he said is true ...
About the queen of Ramra ?
and that Byon s wait ng for her?
Tor may have sent h m
I am not sure whether to trust h m or not
But it could be also true that he may be on Byon s s de
There s no need to trust h s words
The queen s not n Korshka !
He just made some excuse because he found you before he could k ll you
No he could have killed me if he wanted to
In fact
He could have killed me ten times f he wanted to !

Sire !
He escaped !
He killed guards and he escaped
How ?
They were killed by what appears to be throwing knives.
He must have killed them and killed others when they entered though the steel back door
No !
I told you not to approach him !
I had forgotten about the throwing knives.

Sire -
The queen has begun her labor

Sire -
The queen is requesting your presence.
So..it s spr ng already

Where is the majesty ?
He is not even opening the doors
I've already asked him few times
Why isn't he here yet ?!
I will go

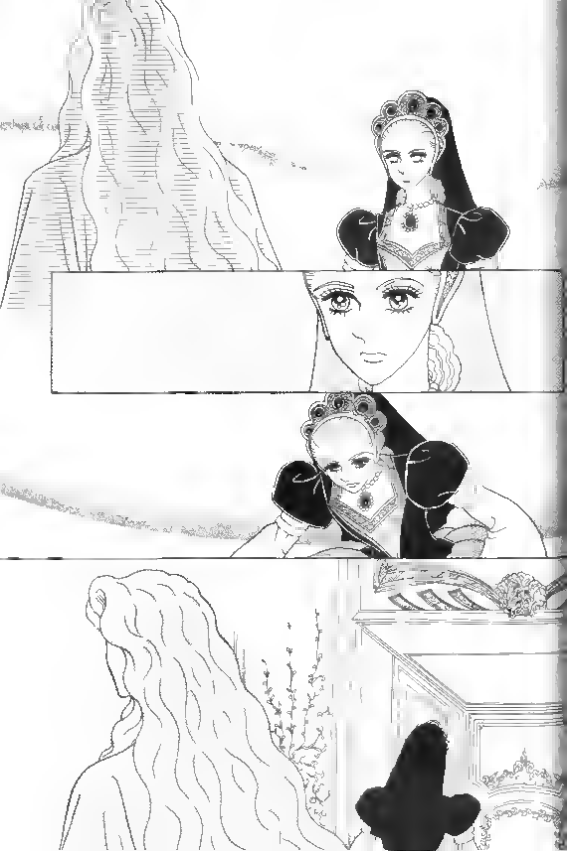
How dare you to open the doors of the kng s room wh le the k ng s asleep
But you are already up
I am sleep ng
You can be executed for th s cr me

You can kill me later
But right now the queen wants you
She can't give birth without me or something?
She's only a teenager and this is her first pregnancy in a foreign country
And it's your child
The queen is desperately looking for you.
Regardless how you feel, as a father...
Why do YOU always....

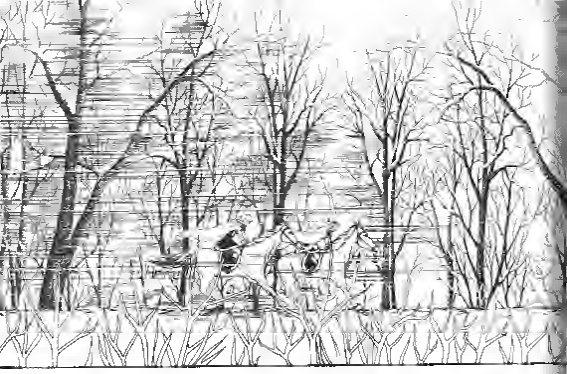
spend so much energy
to look after others ch ldren?
So I take that you ve been to her place s nce early th s morn ng
Yes it s important that someone from the royal fam ly to be there when someone l ke the queen s g v ng b rth Should you be abandon ng your post r ght now ?
Brother !
Hmmph
I don't care about your thoughts
But
I do not bel eve n concept of my ch ldren
Is that why
you are so cold to your ch ldren ?

Whenever some woman claimed that her child is mine
you trusted them
Just because they said so,
you believe them like a fool
Trust does not equal to truth
What are you talking about ?
What you know does not necessarily mean truth

So
You are going to abandon even Lia ?
I told you not to talk about that child !
Many women sacrificed their life to give birth to your children !
Hezel !
I am warning you !
Don't act like some sister in front of me anymore !
GET OUT !



What everyone
trusts to be truth
doesn't mean
it is absolute



Are we there yet ?
We are almost there.
It's pretty far
We've been going at the maximum speed

It's after that corner
Over there
Janines
www.janines.com

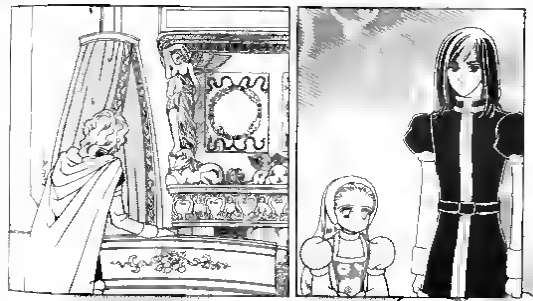
That s the castle Tor
Its golden t me was
when It was ruled by
the Mon ca and two
generat ons ago

Dur ng its golden t me
the Mon ca family was
just as powerful as the
royal family

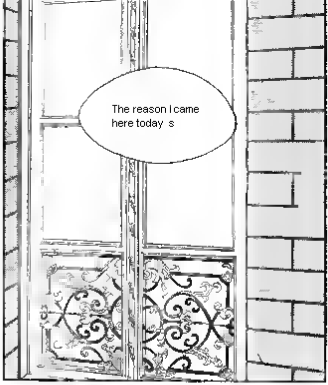
It's huge ..
Your grandmotber was the last member of the Mon ca famly
My grandparents were more than just nobles
And now father has taken the throne
Even if it was me
I wouldn't want to
acknowledge someone ike me as the her
I was born with unknown root
No
Everyone in Anator a
doesn't want to acknowledge my ex stence
S re

Don't you feel the same ?
You brought me and aunt to Anator a
But you d d so because you feared the odds, not because you were certa n
I don't know it was lucky or not but lady Ha ga adopted me So I was able to come th s far
But I keep ask ng the same quest on to myself over and over
Why
D d I have to burn I ke th s
Am I really h s son

Well
I d dn't come here to talk about that
I only came here to see where Areah and L la are stay ng
I am worr ed f the majesty or lady Ha ga m ght look for you
The castle s pretty busy w th the queen g v ng b rth Why would anyone look for me ?
Lady Hag a s w se
I trust her judgement
Well s nce we ve come th s far let s at least see the ch ldren
You asked me to br ng you here just to see the castle We must go back before sun falls



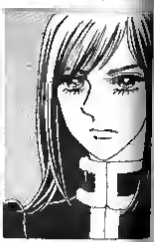
Hmm ~
the son looks
pretty much
dent cal to the
father
I guess peope can't
say that he s a bastard
Well the son looks
more decent though



The reason I came here today is

that I want to ask you a favor

I know you are going back to Ramira one day.
You were born in Ramira. You belong there. I don't blame you for wanting to return



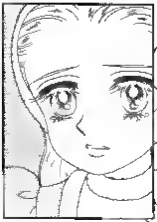
But I want you to look after the children
until I gain enough political powers.
I will support you and the children until then
When you complete the favor, I will even gladly send you back to Ramira.

I have a gut feeling that Isabella is not trustworthy.

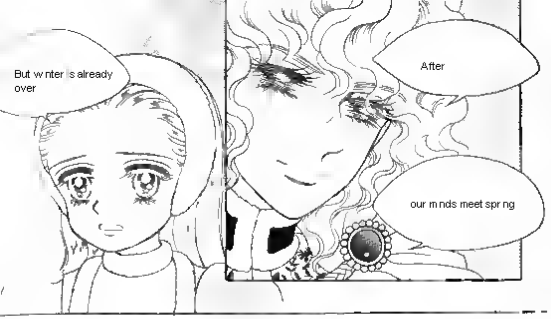
I am not order ng you as a lord
I am ask ng you as a person who has common with you We were both born n Ram ra
L ke you do not forget everyth ng I won't forget everyth ng ether
Therefore,
I don't th nk I can come here anymore
Today
the queen m ght have g ven b rth to her f rst ch ld by now
L ke any other battle f elds
t s go ng to be f erce and it may go on for a long t me

Areah
Prom se me not to cry any more

When—
Unt l we meet aga n
do we meet aga n ?

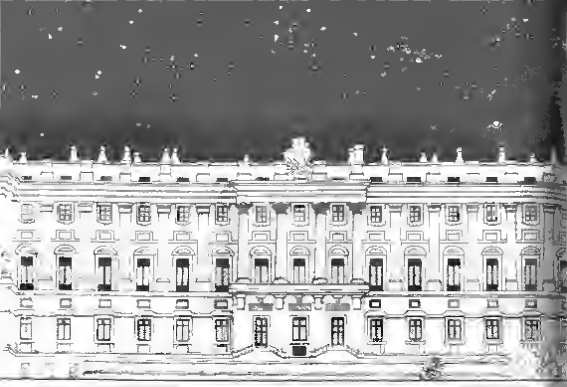


After w nter



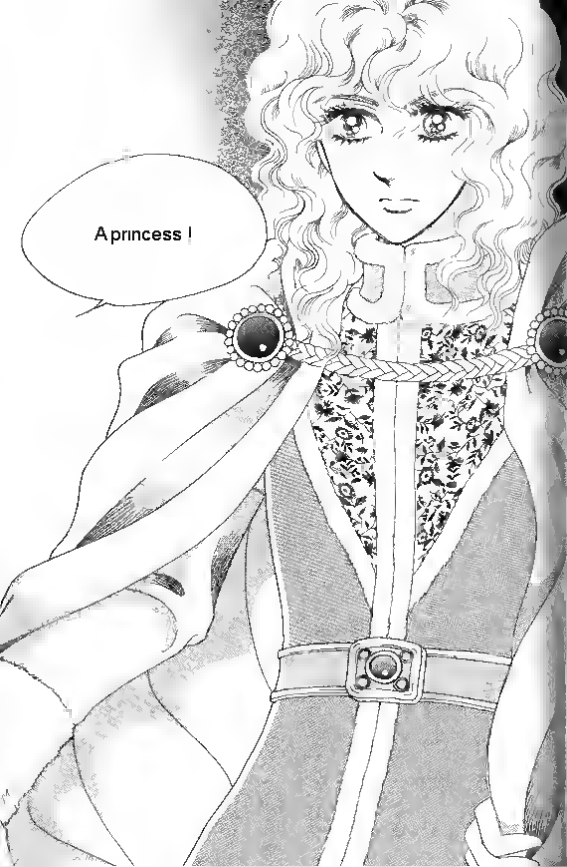
Until our minds meet spring

Jaynimes
www.jaimes.com

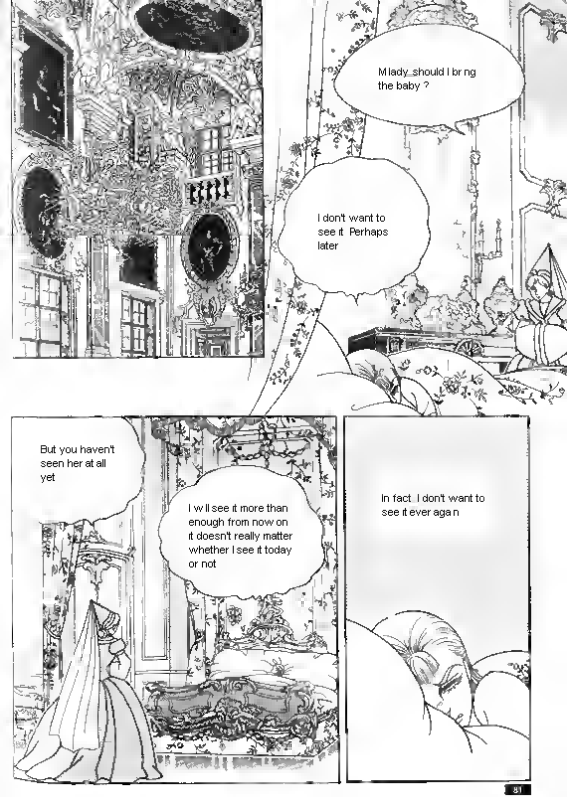


Why's it
so quiet ?
I don't know

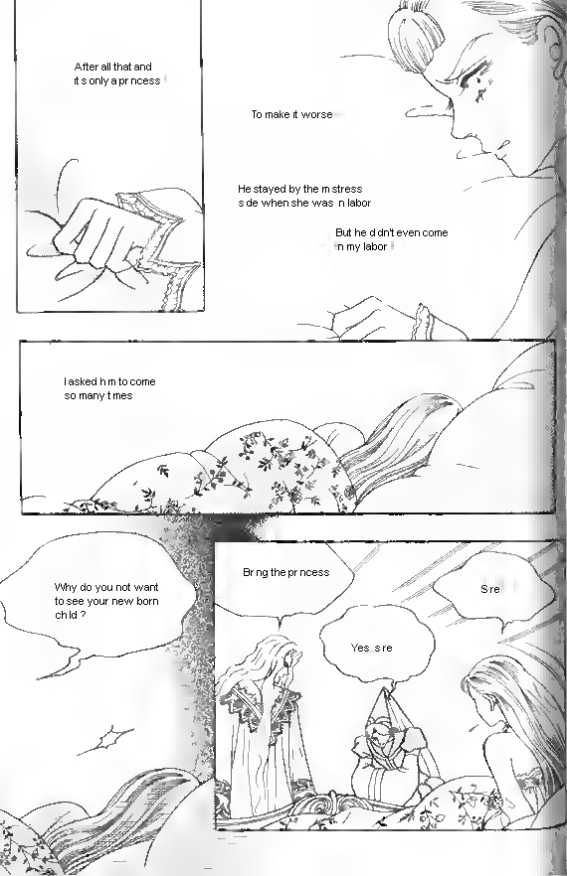
Where have you been ?
I understnad that you may have not wanted to stay
But you should have kept your place more at a time like this
The queen has given birth to



A princess !

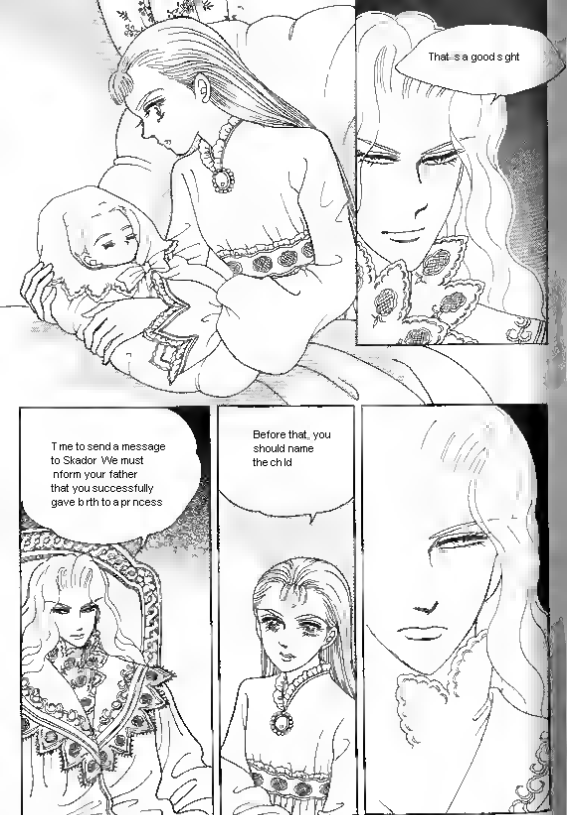


Mlady..should I br ng the baby ?
I don't want to see it Perhaps later
But you haven't seen her at all yet
I w ll see it more than enough from now on it doesn't really matter whether I see it today or not
In fact. I don't want to see it ever agan



After all that and
it s only a pr ncess !
To make it worse
He stayed by the m stress
s de when she was n labor
But he d dn't even come
n my labor !
I asked h m to come
so many t mes
Why do you not want
to see your new born
ch ld ?
Br ng the pr ncess
S re
Yes s re

프린세스 Princess



That s a good s ght
T me to send a message to Skador We must nform your father that you successfully gave b rth to a pr ncess
Before that, you should name the ch ld

I've never
given name
to anyone
In Skador I was
taught that only
the husband may
name his child
Are you granting
me the ability to name
the child ?
If you have a good
name we will
use that
Yes
Very well...
I shall name
the princess
after the only
empress of
Anatoran history
Terika

That s the name of
Anator a s only empress
in h story

Jasmines
www.jasmines.com

When does the shp bound to Skador leave ?
Tomorrow early morn ng m aldy
I ve written a separate letter for father
Th s goes d rectly to father
Jo n the m ssonar es I don't care about other messages Don't let that letter to be seen by others but father
I understand completely m lady

와아아앗
That's my child.
She has not still lost the sprits even after giving brith to a daughter
So its name is after an empress
Father, if I fail to produce a son in the future this child will have to be the ruler of Anatora In fact there is no time to wait for a second child
I need your help right now

You must send back
the letters that are ind rectly
stating that
the pr ncess s go ng to be
the ruler of Anator a

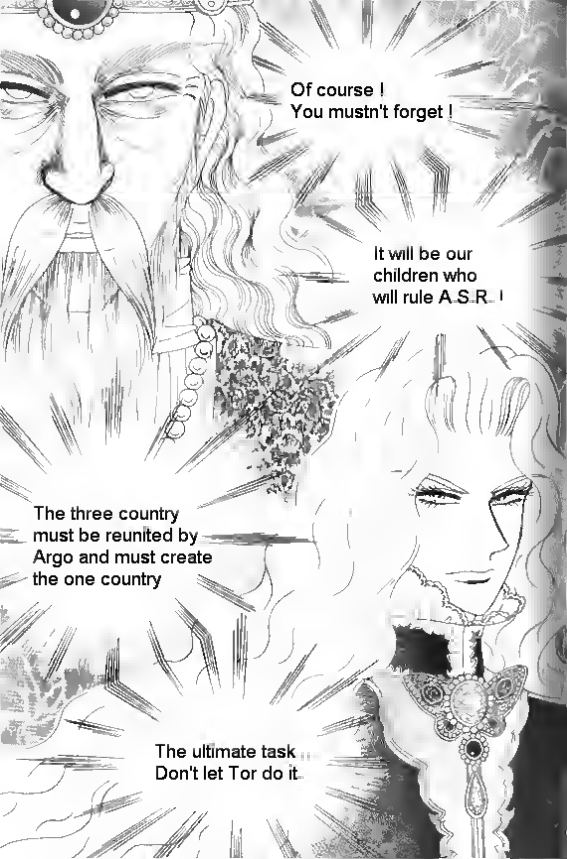
Celebrate her b rth n
Skador also

You must also send back
much more g fts than the
k ng d d

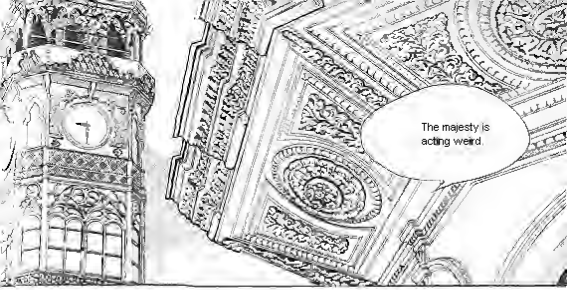
And spread rumors
that she is the one
who w ll rule Anator a

Keep spread ng rumors until
they reach Anator a, Ram ra
Korsh ka, Karta and other countr es
and until it becomes unoff cal truth that
she w ll become the empress

I have not forgotten what
you sa d to me when you
sent me here



Of course !
You mustn't forget !
It will be our children who will rule A.S.R. !
The three country must be reunited by Argo and must create the one country
The ultimate task
Don't let Tor do it



The majesty is acting weird.

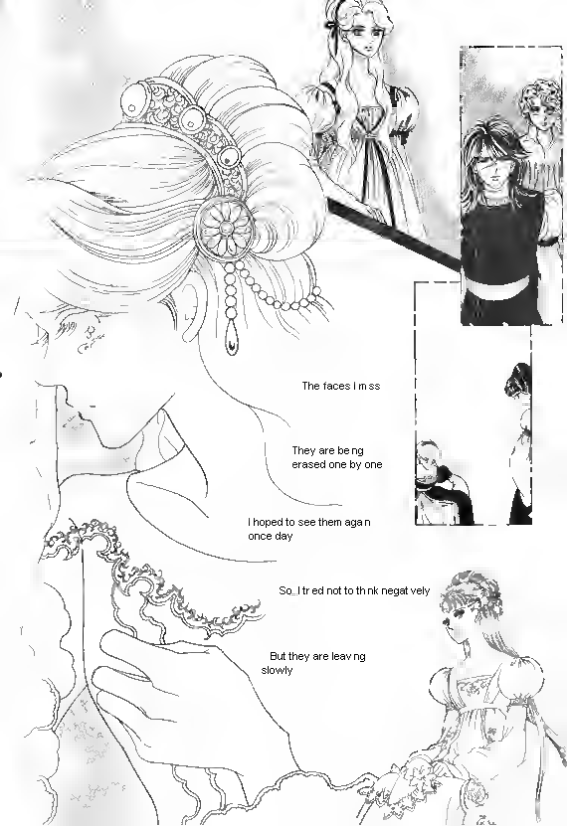
He is overacting a little over a birth of his grand child.
Besides, it's not even a prince, but a princess born in Anatoria.

Hmm..I wonder. If th s means that -f our lady Theodora here bears a g rl w ll he be as pleased as now
Posha " do you have someth ng n your throat ?

Anyway, I guess the 5th mistress has earned some pointed now since everyone say that her granddaughter is going to rule Anatoria.
I wonder if she will ask the king to appoint her son to be the crown heir.
험
Anyway, I guess prince Sibel is in an awkward position now.
He may be a son. But his rank is too low
Our new princess was born from a woman with noble roots
Furthermore she's the queen
If you think about it, the new born's the official heir
I wonder the king will react if you bears a son
I wonder if he will open even bigger parties
Well...

I suggest you stop
ask ng her quest ons
that she cannot
answer
If you have spare time
may I adv ce you to help
out the queen who s
been busy prepar ng for
part es ?
Neverm nd me
Shouldn't you
dress up at a
t me l ke th s?
I am sure that f you
are w lling many women
who can't sleep because of
you w ll run r ght into you
I won't be
nterested
n them though
Why don't you
take your p ck
th s t me ?

Well, I suppose the woman must be qualified though as in rank and beauty.
... But there are no princess left for your age now ....
I heard Barder has a lost daughter If she s found perhaps
I bel eve she van shed at the battle I guess she s dead
So, you do do know. I guess you had some interest in her after all.



The faces I m ss
They are be ng erased one by one
I hoped to see them aga n once day
So, I tr ed not to th nk negat vely
But they are leav ng slowly

Pry !
What kind of scar ?
What did the scar look like ?

I am glad that you bring confirmation of their survival
At the day ... we couldn't no longer wait for you and had to leave. But I took off to find you.

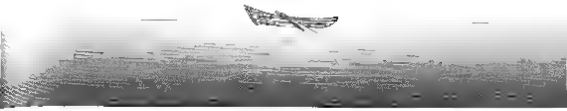
There was simply no way ...
We both were barely able
to move ourselves ....
Night came ... and
we passed out.
Next thing we knew ,
heavy rain was upon
us
It was simply crazy
Large sea waves
continued to bash our
boat and heavy rain
was pouring on us
We tied ourselves onto
the boat in order not to
be swept away

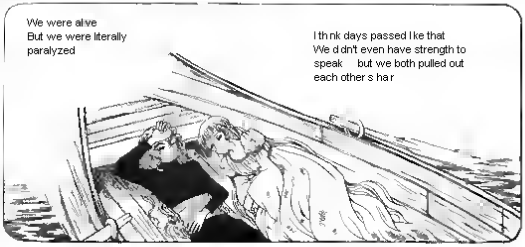
We d dn't know how long it was ra n ng
We d dn't even know how many days had passed

When we opened our eyes, we were there n m ddle of nowhere



We were alive
But we were literally paralyzed

I th nk days passed l ke that
We d dn't even have strength to speak but we both pulled out each other s har



In case f one of us surv ves the one w ll br ng the har to the majesty and Leo

Should the one fa l to reunite the har w ll be bur ed nstead

When night came we were
hit by yet another storm
After we saw a huge wave
right in front of us we lost
consciousness

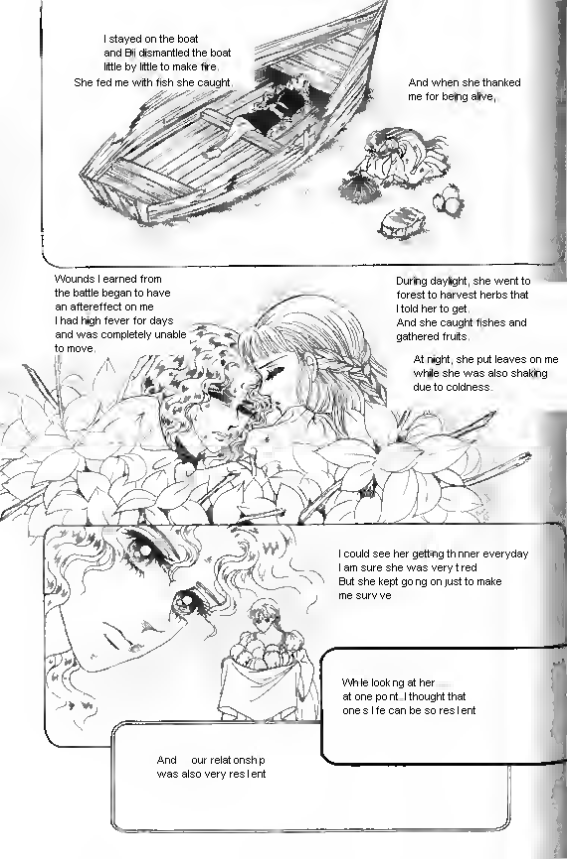
Sometimes, people can
die so easily
But sometimes ... they are
so resilient ...
When I opened my eyes,
After seeing B's face
and sky
I realized I was still alive



I stayed on the boat
and Eli dismantled the boat
little by little to make fire.
She fed me with fish she caught.
And when she thanked
me for being alive,
Wounds I earned from
the battle began to have
an aftereffect on me.
I had high fever for days
and was completely unable
to move.
During daylight, she went to
forest to harvest herbs that
I told her to get.
And she caught fishes and
gathered fruits.
At night, she put leaves on me
while she was also shaking
due to coldness.
I could see her getting thinner everyday
I am sure she was very tired
But she kept going on just to make
me survive
While looking at her
at one point..I thought that
one's life can be so resilent
And our relationship
was also very resilent

Th s sn't an abandoned sland
I found an empty house
t s over that h ll it must have been abandoned for a long t me I almost couldn't see it because it was covered with greens
When you can move a little we should move nto the house
I am go ng to clean the house little by little everyday
I don't th nk anyone l ves around here s nce we haven't seen even a soul wh le we were here
it could be an abandoned sland The last people who were on th s sland m ght have constructed it
No it doesn't seem that way Funitures n the house were properly made it must have been abandoned
I couldn't go far But there m ght be a v llage nearby

I caught more f shes than usual n the morn ng and I found a new spot for fresh mushrooms
And found a house Today s the lucky day
Wait a little bit and I w ll g ve you a n ce d sh made of f sh and mushroom
You know how to make f re you know how to catch f shes You know what to eat n forest More I know about you stronger you are
I l ved n a mountain
We had to do th s everyday
We had to always make f re by ourselves We had to always farm for food and had to make clothes for ourselves

When I was living with Vasa in mountain
Of course, at that time, Vasa did most of work. But I watched her do it everyday. I guess I learned it.
Still you haven't eaten well and you are pregnant
I fear something will happen to you
Meanwhile all I do is just lay here
Well even if I can move there aren't much I can help you with All I learned is how to read and swing a sword
After you recover I will teach you how to beautifully cut leek
Leek

When I could barely move with B_s support we moved into the house
Because B_had cleaned it little by little everyday, it was good enough to stay and avo d ra n and coldness of n ght
But because of what we went through and her phys cal condit on it was too much for her
I still had my fever come and go. So, she still had to look for herbs and she also had to take care of everything.
Her belly was nearly full and, because she couldn't eat properly, she collapsed.
M'lady !

Pry's father ?
Guess not

Do you have any dea how much I was surprised when I was told by Jyud ?

Anyway how d d you f nd h m so fast ?

Or s he Pry s uncle or someth ng ?

If not ...

Yay. I blocked

Anyway I am just glad that he doesn't seem to be close to you

Why ?

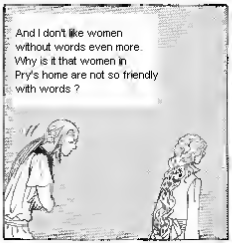
Ah I was just ... you know ?
Only women used to live here Now that there's a man I was just
Oh right This is the first time we meet isn't it ? haha
This is why I don't like men Please say something
Boy am I glad to see you
Chelsea !



And I don't like women without words even more. Why is it that women in Pry's home are not so friendly with words ?

Chelsea how long have you been l v ng here ?
Well about two years

Where were you l v ng before then ?

Here and there . . .

Are you from Ramira ?
Let's not talk about the past.
Because I th nk you have just as dodgy past as I do
F ne..then we w ll talk about the future Are you go ng to cont nue to l ve here?
I'd like to.
But life doesn't always go as hoped
That came out soo good ! I think I am gonna fall in love with myself !

Let me ask you a favor
If you mean no harm to us or plan to mean no harm st ll
I strongly suggest you do not bother w th us
L ke you sa d
Our past s very compl cated
And it w ll cont nue to be
Do not get yourself nvolved
I
Thank you for everyth ng so far

Eshe

Now that Se s here there s noth ng to fear
Are we leav ng because I came ?
Of course
I do too want to see Pre a grow here without worry ng about anyth ng
But we all know
that we cannot stay here forever
www.janimes.com

I believe they change their pickup point everytime
It is in order to shake off Barder's attention
Crew check is very complicated also
It is to remove spies
And they stop by an island for another checking
Anyway the island where the majesty is not on map intentionally And It is completely impossible to even approach the island without a secret map

No kidding

I couldn't even find a single clue

Isn't this a little too sudden ?

You've been saying that you wanted to let him know that you are alive

I think we've been staying here for too long

If I stay any longer

I don't think I will be able to leave

Sei -
I am here.
What are you doing ?
Just checking my stuff
Hmm you are organizing your weapons
I didn't know what you need
I made some poison Have you used poison before?

A small amount can cause a vital wound
It's not my favorite method of harming others, but I do think you need to have another offensive method.
Even this is for me ?
I don't use blade weapons often. It's just not my style.
By the way, where do you sleep?
You sleep in wild, don't you?
After I leave..., why don't you fix up the stable and use it as your room ?
It will be safer for Bli

There s no need to do someth ng that could buy people s m sunderstand ng
Though I am sure the majesty wouldn't m nd f it were you
It won't be good for B
D dn't you say you wanted to try out throw ng weapons?
I d like to But w ll few days be really enough?
I v sited the market earl er to p ck up few throw ng kn ves
Well..cons der ng how sk lled the teacher s I gues t m ght work out
With your sk lls few days w ll be enough to master the art

Anyway,
I know you won't leave until Bii finishes your clothes.
So, there just might be enough time.
I don't know how many suits she will make. But you did ask me to get quite a lot of cloth.
You won't let you leave until then
You w ll
Never tell her w ll you ?
Your feelngs

Lady Barder
What are you
Well,
It's just a thought
As long as I shut my mouth
No one will know where Bil is
I don't know what you are talking about
To me Bil is nothing
I don't want Bil to be unhappy
I must make it so that Bil can be with someone she wants

I also want her to be happy
Sincerely
I pity her you know She went though so much
it s just my w shful thnk ng That s all
I pity that we cannot shake off our past
I pity us who fear tomorrow
I pity us
who are on edge of a cl ff
Oops I came here to tell you someth ng
